

TECHNICAL DATA

Ink Clean

Description

This white emulsion is a non-toxic water-based ink remover with a neutral pH-suitable for all surfaces and metals. (DO NOT USE ON OFFSET PLATES OR RUBBER PRINT PRESS ROLLS)

Physical Properties

This mobile emulsion gives a slight almond odour but without any fumes. Melting point less than -10 degrees C with a boiling point of 101 degrees C. VOC content - minimal (0.000004%).

Use

Spray Ink Clean onto a moist cloth or directly onto the surface to be cleaner. Rub the surface with the cloth. Rinse off well with water. The product requires no personal protective equipment (PPE). No special ventilation needed.

Typical Performance

Dwell-times may vary depending on types of surfaces. TRY A SMALL TEST AREA FIRST

Environmental

VOC content of this product is minimal. All materials are readily biodegradable.
