

# HEAVY DUTY WOOD VARNISH

---

For use on interior wood surfaces to give ultra-tough protection against chemicals, cleaning agents, alcohol and oils, and high wear.

Our Heavy Duty Wood Varnish is an ultra-hard, high-quality, and fast-drying varnish with a satin or dead flat finish that dries to a crystal-clear film.

It's a great choice for interior surfaces that need a high level of protection such as work surfaces and areas of high wear, and it's no wonder that it's relied upon by decorators everywhere for a superior and long-lasting finish.

Our Heavy Duty varnish range brings the highest protection single packs ever developed.

## ADDITIONAL INFORMATION

Always apply to a test area before starting work. Appearance may vary according to the colour, type of surface, and the number of coats.

Do not apply over uncured oil paints.

Dilute 10% with water to prime porous surfaces.

On softwood, light sanding in between coats may be necessary.

Do not shake the product.
